

Hepatitis C

Hepatitis C

- Staff
- Case close outs
 - NJ not using new CSTE case definition
 - Continue to follow previous guidance for 2016 case close outs
- NJDOH Winter 2016 Forum
http://www.nj.gov/health/cd/training_res.shtml

Hepatitis C

- If a case is closed in CDRSS, do I need to enter a new lab?
 - You do not need to add any additional labs to Confirmed - DHSS Approved cases of Chronic Hepatitis C. Only newly diagnosed cases or laboratories results that would change the case status of an existing case need to be reported.

Hepatitis C

- Moving Forward
 - Working to implement new CSTE case definition
 - Develop case investigation guidance document
 - Looking for 2-3 volunteers from local health departments to discuss HCV surveillance
